

# Copper Cables

Belkin offers CAT5e and CAT6 copper cabling and connectivity products that feature quality components and utilize advanced manufacturing techniques to ensure consistent, top-quality network performance. All Belkin cables are certified to meet or exceed industry-cabling standards and come with a **lifetime guarantee**.

## Why CAT6?

- Maximizes your network speed with higher bandwidth—perfect for VoIP, video, and file transfers
- Protects your network investment for future expansion

## Features and Benefits

### Belkin Cables:

- Compliant to industry standards – ETL-verified to TIA/EIA 568B and ISO/IEC 11801-compliant (CAT5e) and TIA/EIA 568B.2.1 (CAT6)
- Performance tested – tested to exceed: 100MHz for CAT5e, 500MHz for CAT6
- Molded, snagless connectors
- Stranded, 24AWG, copper conductors
- Gold-plated connector contacts
