

Tripp Lite Healthcare Power Solutions

ALL Tripp Lite Healthcare Power Solutions are rated for 120V, 15A electrical service and feature hospital-grade input plugs and output receptacles

Medical-Grade Products Featuring UL 60601-1 Compliance

Medical-Grade UPS Systems

- Battery Backup
- Faraday Shield for Full Line Isolation
- Automatic Voltage Regulation
- Surge Protection
- PowerAlert Data-Saving Software

Model	Item#	Capacity	Cord	Outlets	Ports	Computer Runtime*
OMNISMART350HG	383369	330VA/225W	6'	4	Serial (DB9) + Tel/Modem	1 hour
SMART700HG	133716	700VA/450W	6'	4	USB+Serial (DB9)	2 hours
SMART1200XLHG	414905	1000VA/750W	6'	4	USB+Serial (DB9)	3 hours

*Computer runtime is an approximation based on the typical load requirement for a basic desktop computer and LCD monitor. Runtime will vary depending on specific load characteristics, battery condition, ambient temperature and other factors. Runtime for SMART1200XLHG can be extended with the addition of one or more external battery packs, sold separately (model BP36V27).

Medical-Grade Mobile Power Retrofit Kit

- Provides UL 60601-1 compliance for attached equipment and adds reliable, long-lasting AC power to mobile medical carts
- Saves money by upgrading new or existing non-powered carts for a fraction of the cost of buying powered models

Model	Item#	Capacity	Cord	Outlets	Ports	Computer Runtime*
HCRK	7348157	350VA/300W	10' (Coiled)	3	USB	12 hours

*Computer runtime is an approximation based on the typical load requirement for a basic desktop computer and LCD monitor. Runtime will vary depending on specific load characteristics, battery condition, ambient temperature and other factors. Additional runtime solutions are available for model HCRK - contact Tripp Lite for more information.

Medical-Grade Isolation Transformers

- Faraday Shield for Full Line Isolation
- Surge Protection

Model	Item#	Capacity	Cord	Outlets
IS250HG	4918100	250W	6'	2
IS500HG	4918118	500W	6'	4
IS1000HG	4923144	1000W	6'	4
IS1800HG	5374491	1800W	6'	6

Medical-Grade Power Strip

- Wiring Fault Protection
- Switchless Design
- Integrated Outlet Covers

Model	Item#	Cord	Outlets
PS-415-HGULTRA	7226070	15'	4

Hospital-Grade Products

Hospital-Grade Power Strips

Model	Item#	Cord	Outlets	Other Features
PS-415-HG	463003	15'	4	Switchless Design
PS-415-HG-OEM	8343315	15'	4	Designed for Mobile Carts
PS-602-HG	5374503	1.5'	6	Switchless Design
PS-606-HG	4920701	6'	6	Switchless Design
PS-615-HG	463002	15'	6	Switchless Design
PS-615-HG-OEM	8343340	15'	6	Designed for Mobile Carts
RS-1215-HG	303344	15'	12 (6 front/6 rear)	1U Rackmount, Switch Cover

Hospital-Grade Surge Suppressors

Model	Item#	Protection	Cord	Outlets	Other Features
SPS-615-HG	415953	450 joules	15'	6	Switchless Design
ISOBAR6GULTRAHG	124951	600 joules	15'	6	Isolated Filter Banks, Switch Cover

Cleanable, Flexible Keyboards

Model	Item#	Keys	Compatibility	Other Features
IN3010KB	7379480	109 + 18 multimedia	USB 2.0 & 1.1	Wireless
IN3009KB	7379471	109	USB 2.0 & 1.1, PS/2	Full-Sized Keyboard
IN3008KB	7379463	106	USB 2.0 & 1.1, PS/2	Compact Design

Tripp Lite offers the most cost-effective solutions for meeting critical UL 60601-1 requirements!

Why is UL 60601-1 important?

The safety of patients and staff depends on it! UL 60601-1 is a shock-prevention measure specified by NEC (National Electrical Code) requirements, covering all electronic devices in patient care areas. Tripp Lite's Medical-Grade products are tested and certified for full UL 60601-1 compliance.

Can customers meet UL 60601-1 and stay under budget?

Tripp Lite Medical-Grade products provide UL 60601-1 compliance for all connected devices, allowing customers to continue using existing equipment. Compared to upgrading site wiring and replacing equipment, that's a major cost savings!

Your info here.

Tripp Lite follows a policy of continuous improvement. Specifications are subject to change without notice.
